

WORKSHOPS

Workshops are a fun and educational addition to the Convention. Chapters are encouraged to present workshops keeping in mind not only the country of study, but all countries of the Western Hemisphere. It is hoped that in this way, there will be a large variety of workshops available to the students.

Please remember, sponsors, the only way we can have a big variety of workshops to choose from is for your chapters to present them. Also, in order to allow more students to participate in the workshops, please aim at accommodating (at the minimum) 50 – 100 students in your workshop session. Workshop sessions are an hour in length and workshop participants should be involved for as much of that hour as possible. Individual chapters are responsible for cleaning up after their workshop is completed.

Fill out and return the WORKSHOP REGISTRATION FORM by the deadline noted on the form. Individual chapters will be notified by e-mail of workshop acceptance as soon as room and time assignments have been scheduled. The chapter sponsor should confirm the receipt of assignment with the Publicity Director as soon as the acceptance form has been received.
